wood, and also four picture lathes,
etc., manufactured with precision and dis-
patch.
By O. P. FLETCHER,
Cedar City, Utah.

DR. E. SMITH

DENTIST

is now permanently located in Cedar
City, prepared to do all classes of
Dentistry. Work of the County
and surrounding districts solicited.
—Parlors and Floor Arthur Bladen
and Walker Building.

CEDAR CITY, UTAH.

City Meat Market

ANIEL T. LEIGH & SON
Proprietors.

Nice fresh Beef or Mutton every
week day. Fresh Vegetables
in season.

Out of town orders solicited.

PALMER BROS.

HARNESS SHOP.

CURRENT SNAPS.

We have only one of those
elegant stock saddles left.
It's a real beauty and cheap.

First come—First served.

JETHRO PALMER,
Manager.

If you are not a subscriber to THE
RECORD and living in the county you
should be, and we are just waiting to
receive your subscriptions.

LOCAL ITEMS.

The dunks are epidemic at Beaver.
Some quite serious cases are reported
says the Beaver news.

Elmer C. Corry, son of our respected Ex-
Governor, has gone to The R. Y. A. to
take a temporary course of training.

Two young ladies from Kanab are
said to be responsible for the holding
of a "ball" at the residence of the
Mayor last Friday Night.

We learn that at last Cedar is going
to be the possessor of an up to date
Saloon, which will be opened in the
near future in the Bladen Walker
building.

We are having spring weather in
this part at present, but we advise our
folks not to go too far from home with-
out their coats, these nice warm days
are often very misleading.

Miss Florence Sawyer has gone to
the east of the state to take a course
in millinery and dressmaking; a very
sensible move, in which we wish the
young lady the best of success.

The best receipt for making "good
ink," is said to be an old type writer
ribbon soaked for three days in a pint
of soft water. This is said to make the
very best class of writing fluid.

For a bad taste in the mouth take a
few grains of Chamberlain's Stomach
and Liver Tablets. Price 25 cents.
Warranted to cure.

For sale by All Druggists.

Hyacinth of Virgin City, formerly
student at the Branch Normal,
passed through our city on the 6th inst.
enroute to Provo, where he will take a
missionary course at the B. Y. Acad-
emy.

We notice that the training which
some of our young men are getting in
the B. Y. Academy, is already showing
its value in the improved manners and
gentlemanly deportment of the young
gentlemen as shown while they were
at home for the holidays.

I have used for indigestion and consti-
pation is Chamberlain's Stomach
and Liver Tablets," says Melard F. Craig,
Middlegrove, N. Y. "They work like a
charm and do not gripe or have any
unpleasant effect."

For sale by All Druggists.

We are in receipt of the "Souvenir
Geological Number" of the Salt Lake
Mining Review, which we consider
rightly named, for it is worthy of being
retained as a souvenir of the enter-
prise and intelligence of the Editor
who compiled it and the able men who
wrote it. We wish the Mining Review
all kinds of good luck.

The Kanab Clipper has hit on an
original plan for swelling its subscrip-
tion list. It has had recourse to the
children's friend, Santa Claus, and the
result is not only a "Bunch of paid up
subscriptions," but a bank to put the
products in. It will be no use for us
to apply, for Santa Claus is dead
gone, until next Christmas.

The young lady who manages the
Corry Express Office, admitted to our
reporter one day this week that she is
to be married in about two weeks, but
when it came to telling who the happy
man is to be, she was as non committal
as one of these capitalist iron claim
buyers. We are half inclined to be-
lieve she was not in earnest but time
will tell.

The peculiar cough which indicates
croup, is usually well known to the
mothers of croupy children. No time
should be lost in the treatment of it,
and for this purpose no medicine has
relieved more universal approval than
Chamberlain's Cough Remedy. Do not
waste valuable time in experimenting
with untried remedies, no matter how
highly they may be recommended, but
give this medicine as directed and al-
symptoms of croup will quickly disap-
pear.

For sale by All Druggists.

Don't Worry.

This is easier said than done, yet it
may be of some help to consider the
matter. If the cause is something over
which you have no control it is obvious
that worrying will not help the matter
in the least. On the other hand, if
within your control you have only to
act. When you have a cold and fear
an attack of pneumonia, buy a bottle of
Chamberlain's Cough Remedy and use it
judiciously and all cause for worry as to
the outcome will quickly disappear.
There is no danger of pneumonia when
it is treated.

For sale by All Druggists.

CORRESPONDENCE.

Stateline Samples.

Jan. 5th, 1903.

Mrs. W. J. McElmurray accompanied
her mother on a visit to spend the holi-
days.

A. G. East has returned to camp, and
has a large force of men finishing up
last year's assessment.

Two new cases of typhoid are reported
this week. Dr. Campbell has been
summoned from Salt Lake.

Work was resumed on the Big Four
train, on the first of the month, and on
the 4th, the foreman received orders to
lay the force off, and nail up the premi-
ses.

W. J. Dugley and wife are expected
to soon arrive. They are to occupy the
Newall residence. Mr. and Mrs. New-
wall leave in a few days to take up
their residence in Provo.

There was a great rustling of claim
jumpers and relocators during the early
hours of the morning on the first day of
the year. There is not an acre of
ground in the western end of Iron
county but what was located and re-
located; as a consequence many persons
are rich in their own estimation.

It is officially announced that the
Ophir mine and mill will close down
on the tenth of the month for a period of
about sixty days. During this temporary
close down the mill will undergo
many alterations and needed repairs.
Supt. Parker says there need be no ap-
prehensions about sufficient ore of
satisfactory milling values; had there
been any ground for this impression
they would have shut down long ago.
When Supt. Parker took charge about
six months since, he found the mine as
well as mill in bad shape. The mill is
the most expensive plant in the state to
operate. Since that time the main pro-
duct, silver, has remained at less than
fifty cents an ounce. Under all these
adverse conditions he has made it pay
expenses, and to-day there is a larger
amount of high grade ore in sight than
the mine ever showed before. Supt.
Parker seems to be the right man in
the right place.

Kanarra Kinks.

Dec. 31st, 1902.

John Stapley, and Mrs. Martha Ford,
who have been very ill for the past two
or three weeks are recovering their
health.

Elders Parkinson and Cox, Mutual
Improvement missionaries, are making
a house to house visit in the interest
of those associations.

About 75 of our people attended the
wedding supper given by Bp. William
Ford and lady in honor of the marriage
of their daughter Rebecca, with Mr.
Jas. E. Anderson.

The Dramatic company that was
organized here a short time ago, with
the intention of presenting a play for
the holidays, is in a dangerous state of
coma, from which if they cannot be
aroused death is likely to ensue.

A pleasant surprise for the Ford
families was the arrival of Mr. John
Ford the eldest son of Bp. Ford, who
came to his old home recently to spend
the holidays. He was in time to partake
of the wedding supper of his sister.
A welcome though unexpected guest.

Jan. 7th 1903.

Elders Parkinson and Cox, have com-
pleted their house to house visit having
visited every family.

The Davis boys are putting up a kiln
of brick this week, which speaks well
for the mildness of the weather.

So many of our people are away,
either in search of employment or at-
tending school, that the streets seem
almost deserted.

Mr. & Mrs. Samuel Ford, were bless-
ed on the 30th of Dec. by the arrival
at their home of a fine girl baby, at
this writing all parties are doing nicely.

Old folks party will be held in this
town Friday afternoon, supper will be
provided for all married people, and all
over fifty years of age will be admitted
free of charge to both supper and the
dance in the evening.

Parowan Promptings

Parowan Jan. 7, 1903.

Oscar Lyman and Dean Benson, pur-
chased a marriage license Friday, and
were married by Elder L. N. Marsden,
before leaving the Court House.

Parowan, as has been the custom for

years, will observe "Parowan plays
day," next Tuesday, a fine program
has been arranged, and a good time is
expected.

District court convenes in this city on
Wednesday the 14th, inst and consid-
erable business is on the calendar. The
Parowan Dramatic is preparing a play
for the evening of the date mentioned.

Bishop Adams reminded a number of
the members of the ward, of his past
labors, by calling on them on New
Years Day, and leaving them each
taken of his regard, in the shape of a
nice roast.

The retiring county commissioner,
held their last meeting on Saturday,
Jan. 3rd at the close of which luncheon
was served in the clerks office, in their
honor. They have worked untiringly,
and enjoyably together for the last two
years, and parted with the best of feel-
ings.

Farmers Institute.

The report of the committee on the
storing of the high water at the high
meeting of the farmers institute, was a
very interesting and encouraging fea-
ture of the proceedings, and showed
that it is within the power of the peo-
ple of this settlement to get much more
benefit from their water supply than
they have heretofore done, by the
expenditure of a comparatively small
amount of labor.

Several available reservoir sites had
been examined by the committee, none
of them very large but all of them
easy to be turned to account, and re-
quiring but little expense to convert
them into storage basins for the con-
servation of the waters in the spring-
time.

The committee were requested to
make measurements and estimates and
report their findings at a future meet-
ing. A talk by a member of the insti-
tute on the need of consolidating the
water claims all under one management,
was another feature of the occasion.

The press reports speak of blizzards
to the east of us and it is quite within
the range of possibilities that we shall
have a change of air within the next 48
hours.

Mr. Jos. H. Hunter has been busy a
part of this week harvesting his ice
crop. Mr. Hunter is about the only
citizen we have who does his harvest
work in the winter.

Mr. F. A. Cameron of this place has
gone to Stateline in search of employ-
ment at his trade of machinist. Frank
is a skillful mechanic, and should be able
to secure work wherever such labor is
needed.

The scarcity and high price of coal in
the Eastern states is causing attention
to be directed to a species of manufac-
tured fuel called Briquettes, which is
reported to be made in large quantities
in Germany, from coal dust, tar and
one or two other ingredients, and
which it is claimed burns better, and
cleaner, and is cheaper, and handier
than coal.

Messrs. Jed and George Ashton, two
well known and highly respected
residents of Salt Lake City, sprung a
pleasant surprise on their relatives, the
Jones families of this City, by appear-
ing in this midst without any announce-
ment of an intention of doing so. Our
reporter met President U. T. Jones on
the street an hour or so after their
arrival, and it appeared to have done
him more good than a whole Carga of
Drugs, King Solomon was about right
when he remarked that "Iron sharp-
eneth iron so doth the countenance of
a man his friend."

Mrs. Johanna Soderholm, of Fergus
Falls, Minn., fell and dislocated her
shoulder. She had a surgeon get it
back in place as soon as possible, but it
was quite sore and pained her very
much. Her son mentioned that he had
seen Chamberlain's Pain Balm, adverti-
sed for sprains and soreness, and she
asked him to buy her a bottle of it,
which he did. It quickly relieved her
and enabled her to sleep which she had
not done for several days. The son
was so much pleased with the relief it
gave his mother that she has since re-
commended it to many others.

For sale by All Druggists.

The Cedar City Stock Company gave
another representation last night,
which was favorably received by the
public. Some of the performers who
have appeared before the footlights for
the first time this winter, bid fair to
make professionals when they get the
necessary experience. As to the old
hands, it is evident that they have
lost none of their old time excellence
and the determination of this company
to present the public with a number of
plays during the rest of the season
meets with the approval of the theater
going public, who are waiting patient-
ly for the next announcement.

Now For Business

The Holidays are a thing of the past, and you want supplies
instead of toys? We expected this and have gone into the MA-
CHINE business for your benefit. We have

Sewing machines at	\$20.00
Washing machines at	8.00
Wringing machines at	2.00
Cooking machines at	26.50

We have a furniture machine which is priceless, for
the reason that it makes better furniture at lower
prices than you can get from the East.

Eating machines we can supply at from \$1 to \$20.00;
with food and clothing. In proof of which we in-
vite you to call and see our fine supply of Flour,
Canned Fruits, Dried Fruits, Canned Fish,
Ready made Clothing, Dress goods, Shoes, Rubbers,
Felts, Slippers, Gaiters and most everything else
that heart or hoof can desire.

In the way of decoration we have paints and stains
of all colors.

For the benefit of our debtors we have a collecting machine,
which is warranted to work smoothly and easily. Debts paid by
the aid of this machine, cause less pain than under any other con-
ditions, Call and see it at

Cedar City, **CO-OP**
C. J. ARTHUR, Supt.
